

# A Meaningful Start to the New Year, *Because of You*

Thanks to the generosity of you, our donors, the New Year is beginning with meaningful progress for patient care at our hospital.

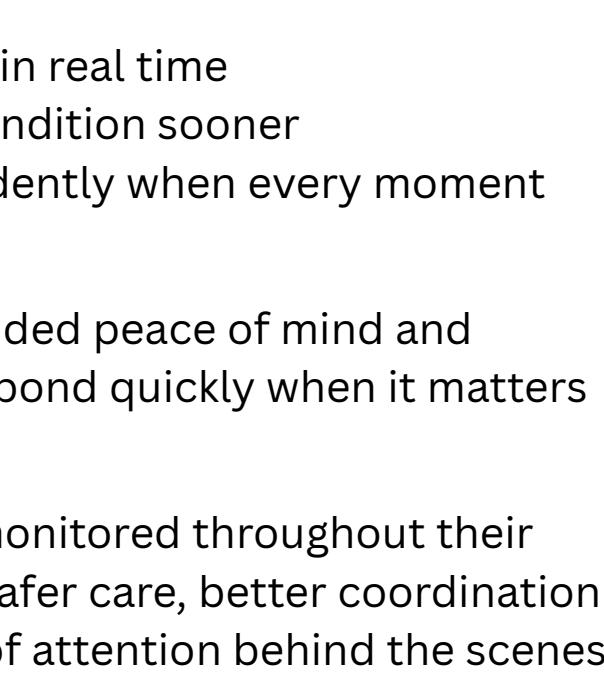

Through your support, critical needs are transformed into real improvements for patients, families, and care teams across our region. We're pleased to share an example of how your generosity is already strengthening patient care.

## A Community Investment in Care

We recently had the privilege of presenting a **\$1,000,000 disbursement** to Muskoka Algonquin Healthcare - South Muskoka Memorial Hospital site, representing a significant community investment in patient care.

This funding reflects the collective generosity of our donors, partners, and supporters, a community that believes deeply in strong, compassionate healthcare and the importance of ensuring our hospital has the tools it needs to deliver exceptional care.

Invested in  
Patient Care

## Advancing Care Through Patient Monitoring

One of the most important priorities we've been highlighting is the need for an entirely new patient monitoring system, and thanks to you, that priority is now becoming a reality.

This advanced technology helps care teams:

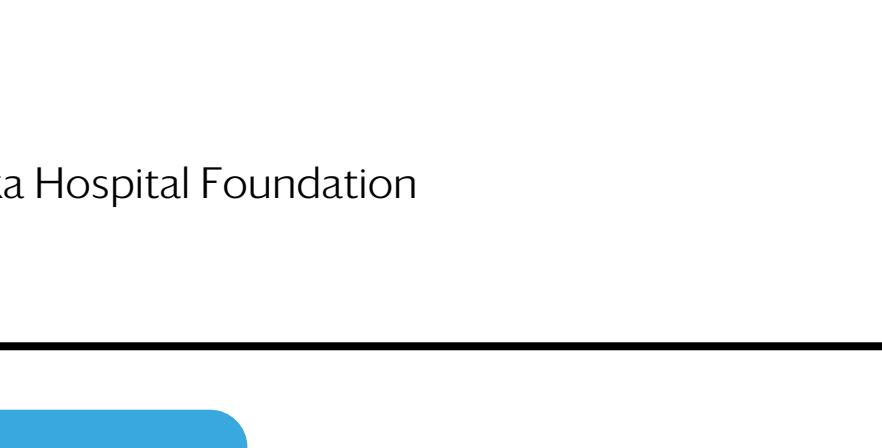

- Continuously monitor vital signs in real time
- Identify changes in a patient's condition sooner
- Respond more quickly and confidently when every moment counts

For patients and families, it offers added peace of mind and reassurance that care teams can respond quickly when it matters most.

By strengthening how patients are monitored throughout their hospital stay, this system supports safer care, better coordination across units, and a higher standard of attention behind the scenes every day.

It's a meaningful step forward in modernizing care and ensuring the hospital is equipped to respond with precision, compassion, and readiness, now and into the future.

Bedside and central monitoring working together to support patient care.

## Thank You for Being Part of the Impact

Every advancement, every improvement, and every moment of care made safer is possible because of donors like you.

As we look ahead to the year to come, and to keeping you informed as your support continues to enhance our hospital.

Please know how grateful we are for your continued trust, generosity, and belief in our hospital and the people it serves. Wishing you a healthy, hopeful, and heart-filled New Year,

**Leah Walker**  
Executive Director, South Muskoka Hospital Foundation

**DONATE**

While the government funds the basic operating costs of a hospital, **community donations purchase virtually every piece of equipment in the hospital.**
